ABOUT US

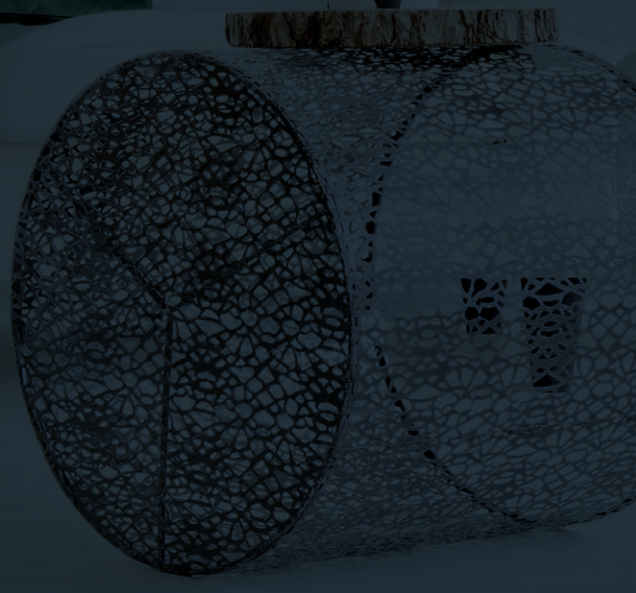

Have you ever strolled into a delightful home or office and wondered: do people truly exist here? Home or office can be flawlessly designed, decorated and dressed, however miss the soul of the individuals that live their lives within its walls.

We, Home Art Curtains and Furnishing Company integrates your cherished treasures and personal possessions into your home or office, seamlessly weaving together the old and the new to create a beautiful and unique design that reflects your experiences, your passion and most importantly "YOU".

Our services range from early concept visioning to the complete execution of your dreams. With 15 years of involvement with the business, and 7 years of mastery information, it is our obsession to continually seek after new motivation. Our designers continually search for the most compelling design styles and highest quality of materials available.

Hours of extensive market research allow us to create each design specific to your target market. We take pride in our work ethic, our eye for innovative designs, and our promise to our clients.
